For Distribution Transformer Mass Production item material:

From Tap Changers, LV/HV EN and DIN Bushing, Radiator Throttle Valves, Pressure relief devices, Moisture Holder, 24/36KV Plug in Bushing, EPDM Straight and Elbow Deadbreak Connector, Transformer Board, Crepe Paper Tube, DDP Electrical Paper, High Temperature Banding Tape, Momentive Less Flammable Transformer Fluids and etc.

For Power Transformer Mass Production item material:

Panel Radiators 520mm Width, Throttle Valve DN80, DN100, On Load Tap Changers, Motor Drive Unit, Intelligent Controller, PSP material, Transformer Fan, High Densified Laminated Wood, Threaded Rod, Nut and Rubber Bags.

For Switchgear and RMU manufacturer:

EPDM Deadbreak Straight, Elbow and Pl

■ Principle for On Load Tap Changer:

CHANG ZHENG Electric Co. Ltd first company in China to produce On Load Tap Changer acquiring German technologies.

■ Principle for Machinery:

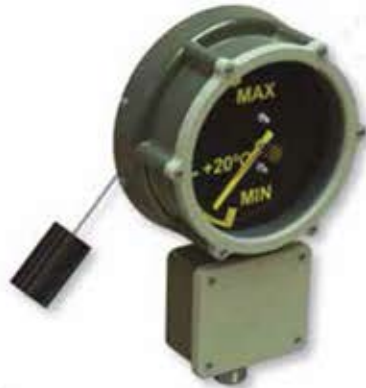

TUBOLY-ASTRONIC AG produce highly efficient machinery for superior quality windings, core cutting, core stacking, bushing and tank production.

■ Principle for CRGO, Panel Rad, Fin & Tank

ELOLAM Group of companies produce Grained Oriented steel for HIB, Laser Grade, as well as Panel Radiator, Flat wall Tank, Distribution Transformer Tank, Corrugated

■ Principle for Pressboard, Presspaper and Ins

HUI SHENG GROUP Co. LTD.

Manufacturer Transformer Board and Insulation components.

■ Principle for Silicone Fluid for Trafo

MOMENTIVE Performance Materials produce TSF451-50E Less Flammable Transformer Fluid.

■ Principle for High Temp Banding Tape

Nashik Insulations

Nashik Insulation tape provide high temperature banding tape class F 155Deg C and H 200Deg C. For Motor and Transformer application.

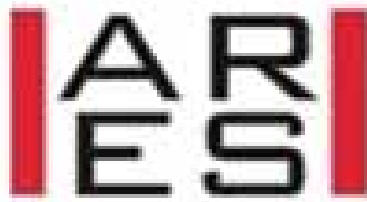

■ Principle for wiring accessories

KS Terminal Inc. specializing of wiring accessories with DNV, ABS Type Approved Products, UL approval products

■ Principle for Bushing and Accessories

ARES Trafo Ekipmanlari San ve. Tic.Ltd produce Transformer accessories and equipment.

■ MV and LV cable Accessories

AMPLETEK Technology Producing Cable Accessories for Medium Voltage and High Voltage range 24KV to 36KV have passed “KEMA Test”.

Who we are

GENERAL M Singapore Pte Ltd. Investment company to be part of Indonesia economic growth, aim to be close to client to be able to provide the services, efficiency delivery and more cost effective warehousing and logistic. Also aim to be best supply chain management company for Transformer and Switchgear manufacturer.
